Customer feedback

“It is a white and magnetic board to hang different documents, magnets ... You can use it to write as well. As you can see it is quite versatile, the legs can be hidden to be able to save the easel. If you do a regular cleaning it stays white and clean.

Benefits

Versatility: This multifunctional tool combines a writing and display surface in one. This versatility allows users to write, draw, or sketch on the writing board surface while also being able to flip and display multiple pages or sheets of paper on the flipchart clamp. It caters to various communication and presentation needs.

Portability: Mobile easels are designed to be easily moved from one location to another. This mobility is beneficial for professionals who frequently conduct meetings, workshops, or training sessions in various settings.

Interactive Collaboration: The product encourages interaction and collaboration among participants. Users can write, draw, or contribute their ideas directly on the writing board during brainstorming sessions, group discussions, or training activities.

Reusability and Sustainability: Users can reuse the writing board surface multiple times by erasing or wiping off the content. This promotes sustainability by reducing the need for disposable paper or other presentation materials.
