

Bi-Office

Easy BioFusion Tripod Easel

Tripod easel with sturdy natural aluminium frame

Description

The BioFusion Magnetic Tripod Easel features a magnetic dry wipe surface ideal for frequent use, telescopic height adjustable legs, and an adjustable pad clamp to fit any standard flipchart pad. This elegant flipchart easel features a sleek modern look due to the minimalist design of its natural aluminium frame and Biocomposite bivalves' corners.

Biocomposites combine the natural properties of natural fibres with polymers, either synthetic or natural, resulting in materials that are both durable and environmentally benign.

The product is also durable, lightweight and easily transportable to any location where required, and therefore an excellent product for the office or meeting rooms. You can write or draw on a flipchart pad over the whiteboard surface, or just simply write, erase and rewrite directly on the board itself. The magnetic drywipe lacquered steel surface is suited for frequent use, easy to write on, clean, and use magnets to display items.

Features

Write on a flipchart pad or directly on the board, and post items on the board with magnets, to brainstorm and present ideas.

High-quality magnetic drywipe surface ideal for frequent use.

Durable, lightweight and easily transportable to any location where required.

Includes a full-length pen tray to place accessories.

More natural product aesthetics with more natural fibres, and less plastic.

Integration and compatibility

Compatible with all drywipe markers and magnets.

Adjustable pad clamp, to use with any flipchart pad.

Personas

Business Professionals

Individuals who regularly engage in meetings, presentations, and brainstorming sessions in professional settings, rely on a flipchart easel to jot down ideas, sketch diagrams, and display information during discussions. The portable and versatile nature of the tripod structure allows them to easily move it between meeting rooms or take it to off-site meetings.

Teachers and Trainers

Professionals who conduct training sessions, workshops, or seminars can benefit from a flipchart easel, as a visual aid to present concepts, take notes, and engage participants by encouraging them to contribute ideas or draw diagrams. The flipchart easel allows for easy organization and interaction during training sessions.

Event Planners and Presenters

Individuals involved in organizing conferences, seminars, or events can employ a flipchart easel as part of their presentation setup. They can use it to display schedules, maps, or event-related information, enabling attendees to access important details and engage with the content.

Group Coordinators and Team Leaders

Professionals who facilitate group activities, collaborative projects, or team-building exercises utilize flipchart easels to foster interaction and idea generation. They can write down and visualize group discussions, track progress, and guide participants through activities.

Customer service and support

Our customer service and support team is always ready and available to provide prompt assistance, expert guidance, and effective solutions to address any customer inquiries or concerns.

Tripod easel with sturdy natural aluminium frame

Benefits

Versatility: This multifunctional tool combines a writing and display surface in one. This versatility allows users to write, draw, or sketch on the writing board surface while also being able to flip and display multiple pages or sheets of paper on the flipchart portion. It caters to various communication and presentation needs.

Portability: Tripod easels are designed to be portable and lightweight, making them easy to transport between different locations or rooms. This portability is beneficial for professionals who frequently conduct meetings, workshops, or training sessions in various settings or off-site locations.

Interactive Collaboration: The product encourages interaction and collaboration among participants. Users can write, draw, or contribute their ideas directly on the writing board during brainstorming sessions, group discussions, or training activities.

Reusability and Sustainability: Users can reuse the writing board surface multiple times by erasing or wiping off the content. This promotes sustainability by reducing the need for disposable paper or other presentation materials.

Availability and shipping

Product available;
Lead Time: 3 weeks

Additional information

The drywipe surface is characterized by its ease of cleaning using a microfiber cloth, an eraser or a suitable whiteboard spray. In addition, its resistant surface ensures that no writing residue remains, even after prolonged use.
