

Bi-Office

Snap Display

Easy to use and to update information

Description

Posting information is a tried-and-true method of data distribution, and the **Bi-Office Snap Display** is the **ideal product to display updated information** in a simple way. It keeps your promotions, public messages or conference information always visible and in place.

Easy to use and to update information, **the four-sided aluminium clamps** completely frame the messages and info, safely holding them in. It's very simple, just lift up the 4 aluminium trim edges, remove the PVC cover sheet and insert the poster.

Choose to display your posters with either a portrait or landscape orientation with this **practical and lightweight** snap display case. The product is supplied with a wall fastening kit for easy installation.

Features

Versatile and lightweight solution for displaying information, signs and posters in public spaces

The transparent plastic cover protects the contents from tampering

The aluminium frame opens with a snap, allowing materials inside to be replaced quickly

Sturdy design with high-quality materials ensures durability in high-traffic areas

The product is supplied with a wall fixing kit and instructions on wall mounting

Snap Display

Easy to use and to update information

Integration and compatibility

Personas

Retailers and Businesses

Ideal for shops, cafes, and office buildings that need to communicate offers, events, or important information to customers or employees. Provides a modern look while securely showcasing promotions.

Educational Institutions

Schools, universities, and training centers benefit from clear, durable displays for announcements, schedules, or event information. The Snap Display allows for quick updates, ensuring students and staff always have access to current information.

Hospitality and Event Venues

Hotels, conference centers, and event spaces need versatile display options for schedules, directional information, or promotions. Complements various settings, offering both functionality and a professional appearance.

Healthcare Facilities

Hospitals, clinics, and medical offices rely on easy-to-update information displays for schedules, procedures, or health announcements. Keeps essential notices visible, with its aluminium frame adding a touch of sophistication to any healthcare setting.

Customer service and support

Our customer service and support team is always ready and available to provide prompt assistance, expert guidance, and effective solutions to address any customer inquiries or concerns.

Customer feedback

"The aluminium frame is both sleek and professional, and updating information is a breeze! Perfect for our office needs - highly recommend!"

Laura Kendall

Snap Display

Easy to use and to update information

Benefits

Professional Presentation: The aluminium frame adds a sleek, modern touch that enhances any space, making posted information look sharp and professional - ideal for offices, retail spaces, and public venues.

Effortless Information Updates: The snap-frame design allows users to quickly refresh content by simply lifting the four edges of the frame, inserting a new poster, and snapping it back into place - perfect for frequently updated information.

Secure and Clear Display: Designed to keep posters securely in place, the Snap Display ensures content stays smooth, visible, and free from creases, delivering clear communication every time.

Flexible Orientation: This display accommodates both portrait and landscape formats, making it adaptable to a variety of content types, from schedules to promotional posters.

Quick installation: Supplied with assembly instructions, Snap Display is easy to install in minutes, offering a practical solution for fast-paced environments where communication needs are always evolving.
