## Maya Combo Board

2 in 1 solution: Natural cork and drywipe board

---

### Description

The Maya Combo Board is a **2-in-1 product** and a sober, adaptable, and efficient option for your home or office.

The **cork surface is self-healing and resistant**, no marks are visible when the push pins are removed. Pin boards are a great way to keep important information organised and to post reminders.

The **drywipe surface** is suited to write text, draw, or make diagrams, erase them and do it all over again. Plus, with the magnetic version, you can use magnets to display information. Let creativity flow within the workplace.

The set includes a tray to keep accessories at hand and an installation kit for an easy wall mount. **Horizontal or vertical wall mount** with screws that go through the holes in the plastic corners. This is the simplest, sturdiest, and most robust mounting system around. As a wall-mounted board, it's a cost-effective solution that saves room space.
