

Outsize Magnetic Whiteboard

Designed to streamline your workspace

Description

A **modular magnetic whiteboard**, designed to meet market needs while reducing environmental impact and transport costs. Its minimalist aluminum frame allows it to blend seamlessly into any space.

Thanks to its **patented mounting and panel connection system**, multiple boards can be securely joined together to create one large writing surface. The modular design gives you the **flexibility to expand or reduce the board size**, ensuring a perfect fit for any workspace. An installation kit is included for wall mounting, allowing you to make the most of available wall space.

The drywipe lacquered steel surface is ideal for regular use, easy to write on and even easier to clean. Backed by a **10-year surface warranty**, the Bi-Office Outsize Board combines practicality, durability, and innovation in a single product.

Customer feedback

"I was looking for a big-sized board (1800x1200mm) and the shipping costs ended up being almost the same as I would pay for the product. At some point I was able to find this solution that ends up being the same size but is shipped in modular panels. It saved me a lot of money, and I still got my big board!"
