Modular thinking made simple

Description

The Outsize Board is a modular notice board, designed to meet the needs of the market and reduce environmental impact and transport costs. Fits well in any space due to the minimalist design of its aluminum frame.

The natural cork surface is ideal for regular use, as it is self-healing. It is easy to pin on, and easy to maintain. Connect 3 or more boards to build one large display surface. The modular design allows you to expand or reduce the size of the board, creating a custom fit for your workspace. Includes an installation kit to wall mount.
